Business Clean Up Day 2019

Change starts with you.

BUSINESS CLEAN UP DAY

Tuesday 26 February 2019
Change starts with you!

Join our Clean Up team to remove rubbish from our local area.

Clean Up Australia's founder, Ian Kiernan, firmly believed that every single one of us can and should make a difference. Volunteer action was his amazingly simple idea, his dream and his inspiration. His passion was working alongside his fellow Aussies to clean up our environment and/or reduce waste before it becomes a problem.

The sooner we remove rubbish the less likelihood there is that it will end up in our waterways and oceans.

So come and join our team on the 26 February.
